Innovative Networks for the Agrifood
sector

INNONETS

Image not found or type unknown

Project Objectives:

The project aims to encourage territorial cooperation between Apulia Region and the Ionian Islands Region (in Greece) in the agrifood sector, focusing on innovation facilitation processes for small and medium-sized enterprises, through the activation of living thematic labs involving research organizations, businesses, local government bodies and civil society.

Funding:

European Commission

Start / End:

30/11/-0001 - 30/11/-0001

Budget:

EUR 0
