Development and valorization of port museums as natural and cultural heritage sites

## MUSE

Italy  
Greece

## Project Objectives:

Create a cross-border area through the development of a common sustainable economy based on a network of Port Museums as natural and cultural heritage sites. In particular, the project aims to create a cross-border sustainable tourist destination by developing a network of three Port Museums (2 in Greece, 1 in Puglia Region), as three cultural expressions of three different coastal identities.

### Funding:

European Commission

### Start / End:

30/11/-0001 - 30/11/-0001

### Budget:

EUR 0
