Water and Environment Support in the ENI Neighborhood South Region

WES

Palestine
Tunisia

Project Objectives:

The general objective of the activity is to improve the productivity and the efficiency of the irrigation water at the plot level (on-farm) and at the scheme level (off-farm) in Palestine and Tunisia. 1. Increase the level of knowledge of the relevant authorities responsible for monitoring irrigation projects and irrigation savings. 2. Development of awareness-raising materials on on-farm irrigation water savings and management (using fresh and treated waste water) targeting the farmers. 3. Elaboration of technical guides targeting the WUAs for monitoring the WUA

Funding:

European Union

Start / End:

01/11/2019 - 10/05/2024

Budget:

EUR 100.000
