Bringing Hygiene, Packaging and  
Production Requirements to EU  
Level for the Best Honey

## BESTHONEY

Italy  
Turkey  
Spain  
France

### Project Objectives:

The general objective of the project is to improve the quality, safety, and competitiveness of honey production by aligning hygiene, production, and packaging practices with European Union standards. The project aims to strengthen the skills and knowledge of beekeepers and professionals through cooperation, training materials, and the exchange of best practices, promoting sustainable beekeeping and higher quality honey products in line with EU regulations.
