Project Objectives:

The overall objective of OrganicTargets4EU project is to support the achievement of the organic targets set by the Farm-to-Fork Strategy and the Biodiversity Strategy. These targets include reaching at least 25% of the EU's agricultural land under organic farming and significantly increasing organic aquaculture by 2030. In 2019, only 8.5% of the total agricultural land in the EU was under organic farming, and likewise 2% for aquaculture. Achieving these targets therefore requires a balanced up-scaling of production and consumption, implying a
